Product description:

COMPACT MAX: the best of Datamars reading technology packed in a highly compact form factor.

Thanks to its peripheral antenna, COMPACT MAX features best in class reading distances in a size small enough to fit comfortably into your pocket.

COMPACT MAX reads FDX-B (ISO) and FDX-A/Fecava microchips.

The scanner can be connected to a PC through its USB port and transfer microchip codes during or after the reading session. The connection is plug and play, with no set-up needed.

COMPACT MAX has been designed with ergonomics and usability in mind. Its intuitive icon-based interface means reading microchips has never been easier.

From puppies and kittens to seniors, COMPACT MAX delivers the identification you need.
